AT REGAL GROUP, WE'RE COMMITTED TO BEING THE BEST. WE'RE LOOKING FOR LIKE-MINDED TRUCK DRIVERS TO JOIN OUR TOP-NOTCH TEAM.

How do you know if you're right for the job? First up, at Regal we work together like a family. We talk, we listen, and we keep things real. Sounding good so far? Keep reading...

Trucking meets technology at Regal. We've invested in the best technology to take transport to a whole new level. If you're comfortable using and learning technology, you're already on the right track.

Safety is critically important for us. We do things right, and we manage risk. If you have an impressive track record of safety, and an eye for detail when it comes to being safe, then you are someone we want to hear from.

We operate a triple shift with up to 8 modern units on a 3/3/3 shift pattern – 3 days on, 24hr break, 3 nights, 3 days off.

Payment for the rostered shifts will be a competitive salary.

We are looking for people who:

- Are flexible, friendly and professional
- Have experience driving long distance
- Has a class 5 license (truck and trailer tipping experience preferred but not essential)
- Can pass a pre-employment drug test

In return Regal offers competitive hourly rates (based on experience), great work/life balance, a supportive workplace, more family time and a modern fleet.

We have full-time, part-time, casual and weekend positions. If you're ready to join us, apply by phoning Alan on
